

Call for Papers

2016 International Forum on Biomedical Textile Materials

Donghua University, Songjiang Campus, Shanghai, China
Thursday - Friday June 16-17, 2016

Papers are being invited for the 2016 International Forum on Biomedical Textile Materials to be held at Donghua University in Songjiang University Town, Shanghai, China.

The guiding theme of the forum will be:

“Biomedical Textiles: the Complete Product Life Cycle”

Areas to be highlighted include:

- A. Novel materials and biopolymers for biomedical applications
- B. Surface modification and biocompatibility
- C. Medical textiles for protection, comfort and healthcare
- D. Tissue engineering scaffolds
- E. Design, structure and performance of biotextile implants
- F. Quality assurance and regulatory affairs
- G. Biotextiles and drug delivery
- H. Development of *in vitro* and *in vivo* test methods.

Papers on other topics in related subject areas are also welcome.

Submission of Abstracts and Full Papers

A one-page abstract with title, names of authors and keywords should be submitted no later than **March 15, 2016**. Submissions received after this date will not be given primary consideration for inclusion in the program. Once the abstract has been accepted, please submit the full paper before the deadline of **April 18, 2016**. All accepted papers will be published in the **Journal of Donghua University (English Edition)**. Please prepare your abstract and full paper according to the attached special format.

Forum Program

The Forum program will include four parts. First, a number of international keynote lecturers will present their invited oral papers. Second, eight young researchers will be invited to orally present their work. Third, an important part of the program will involve the poster session, when authors will have the opportunity to discuss their work with attendees as well as with a panel of judges. Fourth, international companies will be invited to present topics related to business, marketing, production and regulatory affairs, as well as meet with graduate students to discuss recruitment issues and career advancement.

By March 28, 2016, the first author and/or the corresponding author of each submitted abstract will be advised whether or not their abstract has been accepted for either a poster or an oral presentation, and whether their papers will be published in the **Journal of Donghua University**.

The Academic Committee will invite the authors of the eight selected abstracts to give oral presentations at the Forum. These presentations will be recognized with special awards. At the close of the Forum the Academic Committee will also give 10 awards for the most outstanding poster presentations.

The official language of the Forum is English. Please submit your abstract and information table electronically by sending them as e-mail attachments in MS Word “doc” format to the conference Organizing Committee at: ifbmtm@dhu.edu.cn.
